What is it?

90 for 90 is an opportunity for all clubs to celebrate Founder's Day and the Association's 92 years of service by doing a 90-minute service project February 18-19, 2012.

How do we do it?

Here's a list of 90 service project ideas to jump start the brainstorming at your club.

We will compile a total number of service hours devoted to this project and announce it at National Convention 2012.

Please let us know:

- what your club did
- how many volunteers participated
- how many hours were spent on your club's project

How do we share it?

To report the activity your club will champion — or if you have any questions — please contact National Service Director Robin Stanton (rmlstanton@shaw.ca) or the Service Coordinator at National, Cristen Quigley (cquigley@kincanada.ca).

Volunteering and Your Health Facts:

Feeling connected to your community can play a key role in how healthy you feel and volunteering is a reflection of social connectedness.

Health benefits of doing a good deed are similar to those experienced by people practicing yoga, spirituality and meditation as it slows the heart rate and can cause a decrease in blood pressure.

There is a sense of calmness that comes from helping others, these feeling can reinforce the sense that ones life has purpose and in turn enhance ones self-esteem.

People with higher self esteem have the motivation to make better lifestyle choices.
