

Why be a Deputy Governor with Team Ohana?

What you can expect from us:

- Clear expectations and deadlines
- The information you need to be the best DG possible for your zone
- Regular information sharing from National and District via monthly e-blasts, both for your own knowledge, and to be shared on with your clubs.
- Training in the tools and resources available so you can give your clubs the help they need
- Mentoring and support
- Team, family, belonging – there's a reason why we chose the name "Team Ohana", and we want you to be part of it

What we expect of you:

- Attend District meetings (face-to-face, conventions, and conference calls) to the best of your ability
- Submit reports as required by the deadlines
- Visit every club in your zone at least 3 times – once for installation (whether at a meeting or separate event), one general meeting, one project. Visiting clubs at a project allows you to get to know members better, get a better feel for the culture with the club, and gives you a chance to chat with members in a more informal atmosphere.
- Complete and send in a visitation report for every club visit. This is due within two days of your club visit – if a club needs something, waiting several weeks to send it in isn't providing the support they should be able to expect from their DG and District Executive.
- Follow the criteria for the Outstanding Zone award, and the Duties of a Deputy Governor as outlined in the District 1 House Rules.
- Have or create a Google account. We use Google Hangouts for group conference calls, and will be using Google calendar to make it easier for everyone to keep track of deadlines.
- Have a zone team in place, and make use of them. This gives you a local support network for zone planning and club support, and an opportunity for future DGs to "test the waters" and help you build leaders in your zone.
- Share the information your clubs need in a timely manner. There should be no reason for your clubs to not know what they need to know when they need to know it! Find a way to get the information to them as soon as you receive it.
- Contribute to a positive culture within your club, your zone, and the District. Bring the Team Ohana vibe and message to your zone.
