22. Zone Reports

DG's Report given by Matt and Terry

As the saying goes, time flies when having fun and Terry and I are here to say that it's been fun and busy in our Zone the last few months! We'd like to share some highlights of the past few months and where we'd like to continue for the rest of the Kin year.

The Zone F Club Executive Seminar was held on Oct. 8 hosted by the Delhi Kinsmen at their Clubhouse and was enjoyed by Kinsmen and Kinettes from London, Tillsonburg, Delhi, Simcoe, Aylmer and St. Thomas. Our District 1 Cystic Fibrosis/Service Director, Wendy Rolfe and District 1 Webmaster, Russ Jackman, provided very informative presentations. Wendy had everyone participate in the "breathing through the straw" exercise to demonstrate the feeling of limited breathing similar to those who suffer from Cystic Fibrosis, a very powerful demonstration. Additional facts and information about CF and how to get more involved with CF and service projects was also presented. Russ explained how clubs can access our District 1 website and post our club information, creating websites and using various social media for promotions and membership building etc., an excellent sharing platform and useful tools.

We also introduced an education component to the evening with Executive Position Breakout Sessions offering more education to the members. Education Director, Karen Coutts offered her expertise and presented the comment cards that were collected to welcome feedback. The comment cards were reviewed and we realized that there is an ongoing need for various education within the clubs, which we hope to continue to offer clubs with specific needs and requests.

Another idea that was introduced at the CES was the Zone Event Tracking Calendar for all the clubs in Zone F. Secretary, Elise Stark has been contacting the clubs at the beginning of each month to find out what is happening for club projects and events. We've been sharing the calendar through email, the District 1 website and the District 1 and Zone F Facebook page. It's been a great success with clubs participating and sharing their events. We encourage all clubs to make note of the dates and consider attending and helping each other or visiting as an interclub event. Overall, we felt the evening went very well and was pleased with the turnout and support and the beginnings of where to focus for the future.

Since the CES, we continued with club visits, projects and the big event for Zone F was FLC in St. Thomas, hosted by the St. Thomas Kinsmen in November, a successful conference and great time for all.

December was busy for all clubs, it was great to see the many Christmas events, parades, Santa visits, Christmas parties and community giving projects, we were impressed to see so many of you serving the Community's Greatest Needs.

On Jan. 14, DG Matt and I hosted our President's Round Table, attended very well with only 2 clubs not represented. We shared and discussed lots of information over dinner and learned a little more about each other, it was an enjoyable evening.

Another big and important event that has kept me very busy the past 9 months, is the annual Cystic Fibrosis Panama trip for 34 enthusiastic travelers. We just returned on Feb. 13 and it proved to be an amazing good time. Talks are in the works of where we are going next year, so stay tuned for details to come and get on board to support our National Project, Cystic Fibrosis and have a fun experience with your fellow Kin.

Where do we go from here? In keeping with our monthly Zone calendar, please take the time to recognize what other clubs are planning and really try to offer some help or visit to show your support. As your DG's we emphasize to please invite us to your events and let us know how we can help. We want to encourage more interaction between the clubs.

A very important event we hope to see many of you attend, is the upcoming Spring Convention in Ft. Erie. It's very exciting to see an election for the next Vice Governor Team for 2016-17. Members talk of change, issues around membership, costs and dues to clubs, governing bodies, etc. well now is the time to get involved and learn what each team's campaign platforms are about, ask questions, voice your concerns and speak up. Please show your support, have your club's voice heard and VOTE, VOTE, VOTE. It's your right and privilege as a member so exercise your rights. Please have your Accredited Delegate forms in, make sure you express how you want your specific votes delegated. Register and attend in person, it sounds like it's going to be a very fun time. Let's try to have a good showing from Zone F. Thank you and enjoy the conference!

Treasurer's Report: Jennifer Barned reported the Zone Financial Report as printed in the brochure for the current year. No comments or questions.

30. BTTF District One Report - presented by Terri Iredale, Communications Director. Terri reported that there are changes to the old proxy format. There is a new Accredited Delegate format for Spring Convention. All delegates need to be well versed. Only an Accredited Delegate can make a motion. She encouraged everyone read the resolutions prior to convention. There is a District webpage, Facebook page and a Twitter account. Forward all club events to Webmaster Russ Jackman, St. Thomas Kinsmen. There has been a loss of 7 clubs this year. There are resources available to help clubs with membership. Wendy Rolf CF Service Director spoke of the monies raised for Cystic Fibrosis. Helen Meinsinger will be a guest speaker at Spring Convention about her family's journey with Cystic Fibrosis.

The Carstar Cystic Fibrosis Walk will be on May 29, 2016.

There is still time to donate to the Hal Rogers Endowment Fund of the 49th Parallel Fund.
